

## Want to be a Poll Worker in your county?

These are the folks working inside the polls all day on Election Day, or for parts of Early Voting. As a Poll Worker, you have the opportunity to meet your neighbors and community members, and assist them in the voting process. Poll Workers are trained to provide ballots to voters and ensure the safety and security of in person voting. You can support your fellow Arizonans in their journey to raise their voice by serving as a Poll Worker. Click on the links below based upon the county where you live.

### Maricopa

- Read about the different roles at this [link](#), then fill out an application at this [link](#).
- This county is looking to fill all positions, but especially Warehouse Workers.

### Pima
